"City of Capital is the new economic sociology at its best--theoretically sophisticated, empirically rich, and lucidly written."---William G. Roy, American Journal of Sociology "A fabulous book. The arguments about its broad themes are compelling, the attention to detail is overwhelming but absolutely necessary and the lessons drawn are important."

A capital or capital city is the municipality exercising primary status in a country, state, province, or other administrative region, usually as its seat of government. A capital is typically a city that physically encompasses the government's offices and meeting places; the status as capital is often designated by its law or constitution. In some jurisdictions, including several countries, the different branches of government are located in different settlements. In some cases, a distinction i
